Radian Screen

LOGIC[™]
MANUFACTURED BESPOKE

www.logic-bespoke.com

Design

With the Radian Screen, each curved fin is a reflection of the one before, casting a curved radii shadow. Wind mitigation & privacy screen like this are popular due to their industrial, rustic feel.

Modules

Screen heights can be configured with various leg length to adapt to 1300mm, 2000mm, 2800mm, above FFL

Radian Screen

Finishes

Many finishes are available with this design, we've list below the three most popular. However, there are other specialist finishes available, for more information on these please contact the Logic technical team.

Powder Coated

Steel Type: Galvanised Mild Steel / Stainless Steel / Mild Steel, polyester powder coat finish.
Durability: High /Medium.
Surface Finish: Flat with semi-gloss finish.
Aesthetics: Complete range of RAL colours, specialist finishes available.
Country of Origin: Steel - United Kingdom , with some world wide content. PPC content - United Kingdom.

Stainless Steel

Steel Type: Stainless Steel, various grades.
Durability: High.
Surface Finish: Polished, bead blast or brushed.
Aesthetics: Polished very flat surface with almost mirror finish
Brushed flat surface with lightly engrained straight lines and a semi matt finish.
Country of Origin: United Kingdom, with some world. wide content.

Weathering Steel

Steel Type: Weathering Steel, grade A.
Durability: High.
Surface Finish: Flat with slight texture.
Aesthetics: Weathering Steel begins its life looking like ordinary Mild Steel. Over a period of time, due to the moisture levels in the atmosphere, the surface will oxidise turning an orangey brown colour, and eventually self seals. There is no defined period to this process as the moisture levels in the atmosphere fluctuate. Often there are colour variations between sections and also within each section.
Country of Origin: United Kingdom, with some world wide content.
