#### Product Datasheet Boxer Seating

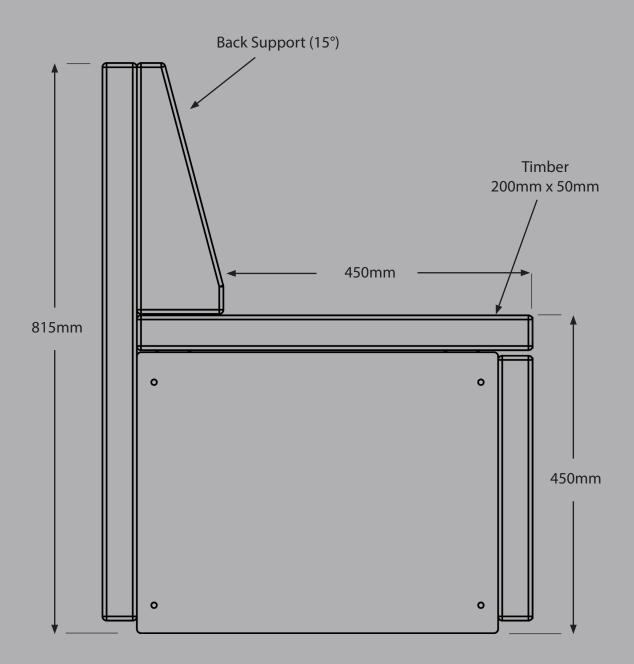

### Design

The boxer dog is known for its square built jaw and muscular frame. This design is no different. The many design combinations available make it well suited for public realm and roof terrace projects.

#### Modules

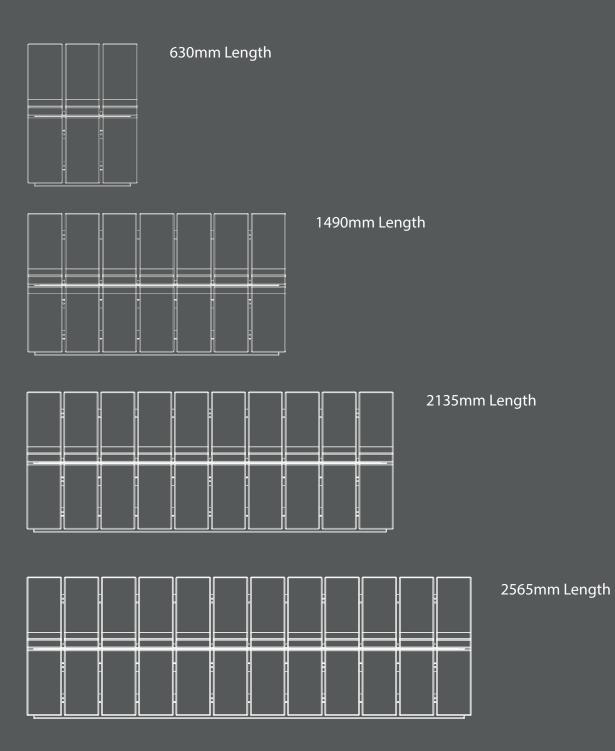

Seating heights can be configured with any leg length to adapt to 450mm above FFL

#### Modules

This design is available in all four of the standard seating lengths (630mm, 1490mm, 2135mm, 2565mm). However custom lengths are available, for more information please contact Logic technical team.

# Configurations

This product style is available in straight & curved modules, in both bench and seat configurations.

#### Finishes

Many finishes are available with this design, we've list below the three most popular. However, there are other specialist finishes available, for more information on these please contact the Logic technical team.

# **Powder Coated**

Steel Type:

Durability: Hig Surface Finish: Fla Aesthetics: Co Country of Origin: Sta

Galvanised Mild Steel / Stainless Steel / Mild Steel, polyester powder coat finish. High /Medium. Flat with semi-gloss finish. Complete range of RAL colours, specialist finishes available. Steel - United Kingdom , with some world wide content. PPC content - United Kingdom.

# **Stainless Steel**

Steel Type:	Stainless Steel, various grades.
· · ·	J J
Durability:	High.
Surface Finish:	Polished, bead blast or brushed.
Aesthetics:	Polished very flat surface with almost mirror finish
	Brushed flat surface with lightly engrained straight
	lines and a semi matt finish.
Country of Origin:	United Kingdom, with some world. wide content.

# Weathering Steel

Steel Type:	Weathering Steel, grade A.	
Durability:	High.	
· ·		
Surface Finish:	Flat with slight texture.	
Aesthetics:	Weathering Steel begins its life looking like	
	ordinary Mild Steel. Over a period of time, due to	
	the moisture levels in the atmosphere, the surface	
	will oxidise turning an orangey brown colour, and	
	eventually self seals. There is no defined period to	
	this process as the moisture levels in the atmosphere fluctuate. Often there are	
	colour variations between sections and also within each section.	
Country of Origin:	United Kingdom, with some world wide content.	

#### Finishes

Many finishes are available with this design, we've list below the three most popular. However, there are other specialist finishes available, for more information on these please contact the Logic technical team.

#### **Timber Species**

### Iroko

Material: Finish: Durability: Country of Origin: Forest Type: Iroko - Genus Milicia Natural Class 2 Africa Virgin Rain Forest

# Douglas-Fir

Material: Finish: Durability: Country of Origin: Forest Type: Douglas-Fir - Pseudotsuga Menziesii Natural Class 3 United Kingdom Plantation

# Oak

Material:Oak - Quercus RoburFinish:NaturalDurability:Class 2Country of Origin:United KingdomForest Type:Plantation / Secondary Growth

As wood is a natural grown material, there will be variations in colour, grain structure, knots and moisture content. This all creates the beauty of this versatile material. Some timbers have a greater or lesser concentration of naturally occuring Quertannic acids, please refer to the O&M manual for handling of such.

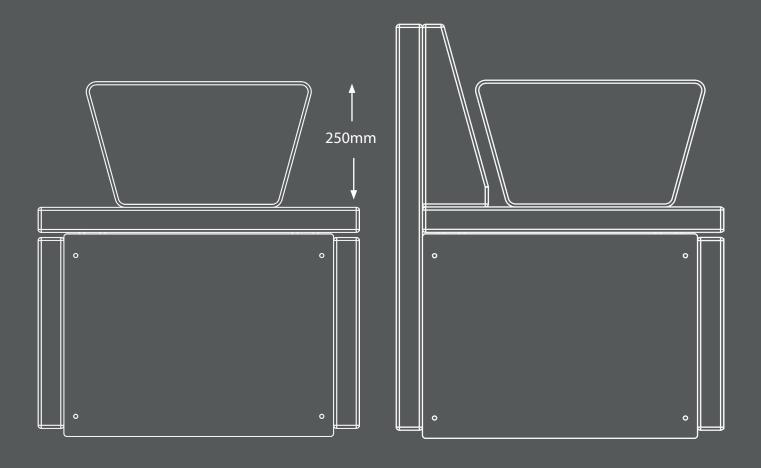

#### **Arm Detail**

This product has an optional arm details available. For more information please contact Logic technical team.
