Modal Table

Product Datasheet Modal Table

Design

Modal table and bench set feature 3 dimensional legs as opposed to many other seating products which feature sheet steel legs. This gives the Modal design a functional, sturdy appearance making it a good choice for business breakout spaces, public areas and roof gardens.

Finishes

Many finishes are available with this design, we've list below the three most popular. However, there are other specialist finishes available, for more information on these please contact the Logic technical team.

Powder Coated

Steel Type:

Durability: H Surface Finish: F Aesthetics: C Country of Origin: S

Galvanised Mild Steel / Stainless Steel / Mild Steel, polyester powder coat finish. High /Medium. Flat with semi-gloss finish. Complete range of RAL colours, specialist finishes available. Steel - United Kingdom , with some world wide content. PPC content - United Kingdom.

Stainless Steel

Steel Type:	Stainless Steel, various grades.
Durability:	High.
Surface Finish:	Polished, bead blast or brushed.
Aesthetics:	Polished very flat surface with almost mirror finish
	Brushed flat surface with lightly engrained straight
	lines and a semi matt finish.
Country of Origin:	United Kingdom, with some world. wide content.

Weathering Steel

Steel Type: Durability:	Weathering Steel, grade A. High.
Surface Finish:	Flat with slight texture.
Aesthetics:	Weathering Steel begins its life looking like
	ordinary Mild Steel. Over a period of time, due to
	the moisture levels in the atmosphere, the surface
	will oxidise turning an orangey brown colour, and
	eventually self seals. There is no defined period to
	this process as the moisture levels in the atmosphere fluctuate. Often there are
	colour variations between sections and also within each section.
Country of Origin:	United Kingdom, with some world wide content.

Finishes

Many finishes are available with this design, we've list below the three most popular. However, there are other specialist finishes available, for more information on these please contact the Logic technical team.

Timber Species

Iroko

Material: Finish: Durability: Country of Origin: Forest Type: Iroko - Genus Milicia Natural Class 2 Africa Virgin Rain Forest

Douglas-Fir

Material: Finish: Durability: Country of Origin: Forest Type: Douglas-Fir - Pseudotsuga Menziesii Natural Class 3 United Kingdom Plantation

Oak

Material:Oak - Quercus RoburFinish:NaturalDurability:Class 2Country of Origin:United KingdomForest Type:Plantation / Secondary Growth

As wood is a natural grown material, there will be variations in colour, grain structure, knots and moisture content. This all creates the beauty of this versatile material. Some timbers have a greater or lesser concentration of naturally occuring Quertannic acids, please refer to the O&M manual for handling of such.
